University of Notre Dame Summer Programs 2025

The University of Notre Dame Summer Scholars participants spend two intense weeks in one of 21 programs of study. Classes are small so that students receive personal attention from Notre Dame Faculty. The coursework is a true preview of college academics—it is both rigorous and rewarding, and students earn one college credit upon the completion of a program track. Students collaborate on coursework outside designated class times, as they would in any college setting. There is also ample time to enjoy the social facets of college life, especially those unique to Notre Dame. [Click here](#) for more information.
